SECOND COLLECTION: Day for Life – the day in the Church's year dedicated to celebrating the dignity of life from conception to natural death. The collection assists The Anscombe Bioethics Centre for Healthcare and Ethics in Oxford (formerly the Linacre Centre) and other pro-Life groups. The Centre exists to help Catholics and others to explore the Church's position on bioethical issues. Its perspective is informed by Catholic moral teaching, but in defending such teaching it seeks also to enable dialogue with those of no religious faith.
